Why Exhibit in Riyadh?

Saudi Arabia's construction cycle is entering its peak delivery window, creating massive opportunities for suppliers and solution providers across materials, interiors, facades, PMV, and smart building technologies. Riyadh sits at the centre of this transformation.

Saudi Arabia is investing over \$175 billion annually, with construction activity projected to peak between 2026 and 2030 as \$1.3 trillion in giga-projects advances toward delivery.

Key opportunity drivers

- \$43 billion housing program targeting 240,000 new unit.
- 315,000 hotel rooms by 2030, driving fit-out and finishing demand.
- Large-scale urban communities accelerating continuous building demand continuous procurement.

Exhibiting at Saudi Build helps you

- Access new business opportunities with developers, contractors, consultants, and distributors.
- Build partnerships and expand distribution across the Kingdom.
- Showcase solutions to decision makers actively evaluating suppliers.

Sustained demand across

- Materials and systems
- Interiors and finishing
- Facades, glass, stone, wood
- PMV and construction technologies
- Smart, green, digital building solutions

Why Exhibit with Riyadh Exhibitions Company (REC)?

REC has been organizing the Kingdom's most established build sector exhibition for 35 years, delivering targeted buyers, specifiers, and trade partners to exhibitors.

What REC delivers for exhibitors:

Sector-focused visitor acquisition across Saudi Arabia and the region.

Dedicated product segmentation that helps the right buyers find you faster.

On-ground delivery standards that support serious business discussions.

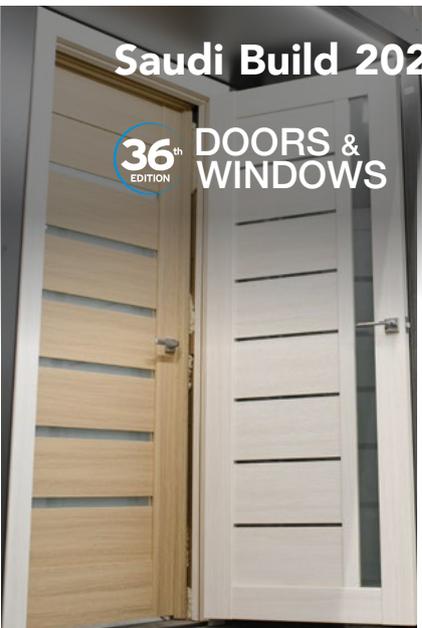

A professional platform that enables lead generation and partnership building.

- Cranes And Drilling Machinery
- Earth-Moving & Mining Equipment
- Loaders & Lifting Solutions
- Tractors & Heavy Equipment

”

A full value-chain showcase that helps buyers compare solutions and meet multiple suppliers in one visit.

Saudi Arabia's construction market is entering its peak delivery window. With over \$175 billion invested annually and a \$1.3 trillion project pipeline advancing toward execution, demand is accelerating across core construction categories. These growth markets translate into immediate opportunities for suppliers and solution providers.

\$18 Billion by 2030 **Interiors and Finishing**

Housing delivery and hospitality expansion are accelerating fit-out demand across the Kingdom. Saudi Build covers finishes, sanitary ware, kitchens, surfaces, flooring, and coatings.

\$9.2 Billion **Facades, Glass and Building Envelopes**

High-rise development and energy performance requirements are driving demand for high-performance envelopes. Saudi Build covers facades, glazing, aluminum systems, cladding, insulation, and sealants.

\$6 Billion **Stone Industry and Technology**

Luxury residential, hospitality, and cultural destinations are expanding stone demand nationwide. Saudi Build covers stone supply, cutting and finishing machinery, tools, installation solutions, and care systems.

Meet the buyers behind these growth markets at Saudi Build 2026.

Saudi Build 2026 puts you in Riyadh at the moment demand is accelerating, where suppliers can secure new opportunities across the Kingdom's fastest-growing construction categories.

Market Opportunity by Category in Saudi Arabia.

\$5.7 Billion by 2030 **Wood, Furniture and Fit-out**

Housing growth and lifestyle upgrades are increasing joinery and fit-out requirements. Saudi Build covers doors, flooring, cabinetry, engineered wood, components, and woodworking machinery.

\$27 Billion **PMV and Heavy Equipment**

Infrastructure execution and mega developments are driving demand for heavy machinery and site solutions. Saudi Build covers cranes, batching, earth-moving, lifting, site equipment, and vehicles..

\$14.74 Billion and **\$10.5 Billion by 2030** **Smart Cities and Vertical Transport**

Smart construction and high-rise growth are expanding demand for connected systems and vertical mobility. Saudi Build covers automation, digital systems, elevators, escalators, and integrated safety solutions.

Meet the decision makers shaping Saudi Arabia's next construction cycle at Saudi Build 2026.

Giga Projects Creating Nationwide Construction Demand

Saudi Arabia's giga-projects and mega developments are reshaping the Kingdom's urban, cultural, and tourism landscape. Alongside major transport schemes, they are generating continuous demand for materials, systems, and technologies across all construction categories.

These program require:

- High-performance materials and systems
- Facade, glass, stone, wood
- Interiors and finishing at scale
- PMV, machinery, vehicles, site equipment
- Smart, green, digital building tech

For suppliers, this means recurring procurement cycles and long-term partnerships, not one-off projects.

Exhibiting at Saudi Build positions your company in front of buyers, specifiers, and partners delivering these landmark program

We are pleased to take part in the 35th edition of Saudi Build.

The strong visitor turnout highlights the exhibition's significance as a key platform for connecting with partners, investors, and customers from both within Saudi Arabia and abroad.

Faisal Al-Muhaidib
CEO, Masdar

Saudi Build exceeded our expectations, helping us build strong connections and attract interest from mega-project professionals. It reinforced our belief that Saudi Arabia is the ideal hub for innovation in the building sector.

Thomas Nill
Product Specialist, Nill Building Solutions

The Future of Building International Conference 2026

Running alongside Saudi Build 2026, the conference brings together local and international experts to share case studies and insights shaping construction delivery in the Kingdom.

Key themes

- National housing and community development
- Giga-project and mega development updates
- Smart, green, and digital building solutions
- Construction productivity, technologies, and safety
- Innovation in interiors, facades, stone, wood, and PMV

Why it matters for exhibitors & sponsors

- Thought leadership visibility in front of senior industry audiences
- Brand alignment with priority topics shaping procurement and standards
- Direct engagement opportunities with decision makers through sessions and networking

2025 at a glance:

Align your brand with the conversations shaping the Kingdom's built environment.

WIDESPREAD OPPORTUNITIES ACROSS THE KINGDOM

Saudi Arabia's Vision 2030 delivery pipeline is advancing across giga developments, housing, tourism, and major transport infrastructure. Project scopes and timelines continue to evolve, but the direction is clear: sustained nationwide demand for construction materials, systems, interiors and fit-out, facades, and heavy equipment. Saudi Build positions suppliers in front of decision makers as buyers actively shortlist solutions for live projects.

Expo 2030 Riyadh

\$7.8 Billion allocated to support delivery planning.

FIFA World Cup 2034

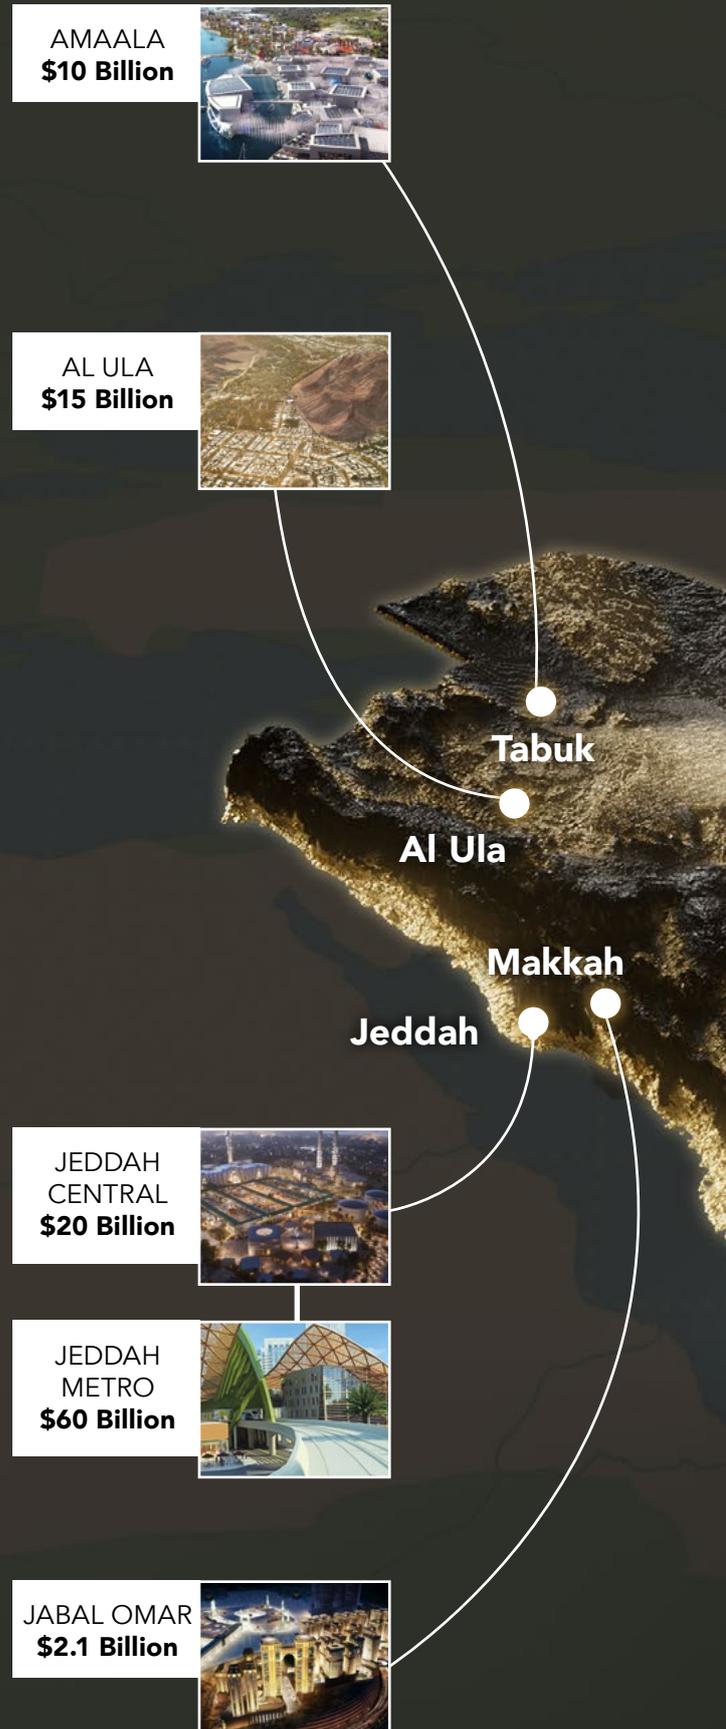

Delivery momentum across venues, hospitality, transport, and public realm.

Riyadh Airport Expansion

Capacity targets of **120 million travelers by 2030** and **185 million by 2050**.
